EMPLOYEE APPRECIATION DAY

On June 6, the College of William and Mary honored its classified and hourly employees with a luncheon. Kim Kendrew drove the 15-passenger van to the event and was able to carry many of the Jlab/ARC staff.

President Nichol posed for a group shot with the Jlab/ARC employees who attended the event.

Lydia Whitaker from Applied Science was present at the ceremony. President Nichol presented Lydia, as a representative of the WM Forum, with a plaque describing 20 years of service to the college by the Forum. The plaque is engraved with all past Presidents. Lydia was president in 2000.

LAB VISITORS

Roselin Obasi and Melvin Reynolds, graduate students at NSU came to visit the labs. They will be using equipment in the lab to further their research.

Debbie Magaldi from JLab brought Raymond Formes, the Associate Dean for Research & SURF representative for NCSU, and Joseph Sullivan from USGS to the ARC labs on June 11 for a tour. Natalie Percy talked to them about the ToF-SIMS and showed them other equipment available in our labs.
